Sir:

RESPONSE TO RESTRICTION REQUIREMENT

In response to the Restriction Requirement dated June 27, 2006, Applicants elect the subject matter of Group I, claims 1-12, with traverse.

Applicants respectfully submit that the subject matter of all claims 1-23 is sufficiently related that a thorough search of the subject matter of any one group of claims would necessarily encompass a search for the subject matter of the remaining claims. Thus, it is respectfully submitted that the search and examination of the entire application could be made without serious burden. See MPEP §803 in which it is stated that "[i]f the search and examination of the entire application can be made without serious burden, the Examiner must examine it on the merits even though it includes

claims to distinct or independent inventions" (emphasis added). It is respectfully submitted that this policy should apply in the present application in order to avoid unnecessary delay and expense to Applicants and duplicative examination by the Patent Office.

Withdrawal of the Restriction Requirement is thus respectfully requested.

Respectfully submitted,

NIXON & VANDERHYE P.C.
